I AM THE
NCR RealPOS™ XR3
Efficient performance at a value price

An integrated POS terminal at a value price

The NCR RealPOS XR3 is our latest integrated multi-touch POS featuring a sleek design plus unique front access cable connections to simplify installation and service. It has an energy-efficient Intel® Celeron® processor allowing fan-less operation and when combined with a solid state drive option, there are no moving parts to maximize reliability.

Every bit counts

The XR3's unique integrated design saves valuable space in your stores and allows for separation of the display from the base to create a modular configuration to customize the right solution for your checkout. The bezel-free projected capacitive display supports 10-point multi-touch and does not require calibration. A resistive touch display is also offered if you prefer. Both displays offer an optional encrypted magnetic stripe reader.

Reliability you can count on

The XR3, like all of our X-series terminals, offers high reliability and includes an on-board image recovery button to quickly restore your POS software image should a corruption occur. NCR's Command Center support software is also available for remote diagnostics and repair giving your further peace of mind.

Why NCR?

NCR Corporation (NYSE: NCR) is the global leader in consumer transaction technologies, turning everyday interactions with businesses into exceptional experiences. With its software, hardware, and portfolio of services, NCR enables more than 550 million transactions daily across retail, financial, travel, hospitality, telecom and technology, and small business. NCR solutions run the everyday transactions that make your life easier.

NCR is headquartered in Duluth, Georgia with over 30,000 employees and does business in 180 countries. NCR is a trademark of NCR Corporation in the United States and other countries. The company encourages investors to visit its web site which is updated regularly with financial and other important information about NCR.

The bottom line

The NCR RealPOS XR3's sleek new design is ideal for just about any retail environment. Pair it with our extensive family of customer displays, scanners and other retail peripherals to create a customized solution for your stores. The XR3's efficient performance and value price is your key to creating exceptional checkout experiences without sacrificing reliability.

Key features

- Resistive or bezel-free projected capacitive touch (10-point multi-touch)

- Energy-efficient design with Intel's Celeron System-on-chip technology (SoC)

- Fan-less retail-hardened design

Technical specifications

PRODUCT DIMENSIONS
Dimensions include tabletop stand and magnetic stripe reader:

- HEIGHT 13" (331 mm)
- WIDTH 15.6" (395 mm)
- DEPTH 10.8" (274 mm)
- WEIGHT 16.5lbs (7.5kg)

PROCESSOR
- Intel® Celeron® Processor N3060 Dual Core

MEMORY
- Up to 8 GB DDR3 1600MHz

STORAGE OPTIONS
- 60GB Solid State Drive (SSD)
- 120GB Solid State Drive (SSD)
- 250GB Hard Disk Drive (HDD)

CONNECTIVITY
- 7 USB ports:
    - 4 Powered USB 12V
    - 1 Powered USB 24V (printer)
    - 2 USB 3.0 ports
- Optional serial: 3 x RS232 (2 x RJ50, 1 x DB9)
- 2 Digital video interfaces (Display Port)
- Cash drawer port (supports dual drawers–12 or 24V)
- 1 Audio port (amplified)
- 10/100/1000MB (Gigabit) Ethernet LAN

OPERATING SYSTEMS
- Windows® Embedded POSReady 7 (32-bit or 64-bit)
- Windows 7 Professional (32-bit or 64-bit)
- Windows 10 IoT Embedded Operating System (32-bit or 64-bit)
- SUSE® Linux® Enterprise for Point-of-Service (SLEPOS 12) 64-bit
- Android Lollipop 5.1.1
